

Job Aid: Ultrasound guided Biopsy (Liver, Thyroid, Renal) etc.		
Division: SLH,SNGH	Manual:	Locations: Radiology Ultrasound
Original Date:	Section:	
Owner: Imaging Operations		
Approved By: Richard Thomas, MD, Department Chief		Revision Date: 11/20/13, 3/04/14, 1/20/17, 2/06/2020

Organ to be documented: Organ to be biopsied

Document and mark area of interest in 2 scan planes, document distance to organ being biopsied. Obtain appropriate supplies including and not limited to biopsy guides, biopsy trays, and probe covers. Call pathology/cytology tech or physician, if indicated by radiologist. Label specimens accordingly, including patient name, SSN, DOB, date, time, area biopsied, ordering physician, and initials. Follow sterile techniques at all times. Perform a pre and post procedural time out.
