

Job Aid: Ultrasound guided Abscess Drain/Cyst Aspiration		
Division: SLH,SNGH	Manual:	Locations: Radiology Ultrasound
Original Date: 8/1/12	Section:	
Owner: Imaging Operations		
Approved By: Richard Thomas, MD, Department Chief		Revision Date: 11/20/13, 3/04/14, 1/20/17, 2/06/2020

Organs to be documented: Organ to be aspirated

Document and mark area of interest in 2 planes, document distance to organ being aspirated. Obtain appropriate supplies including and not limited to biopsy guides, aspirations trays, and probe covers. Call pathology/cytology tech or physician, if indicated by radiologist. Label specimens accordingly, including patient name, SSN, DOB, date, time, area aspirated, ordering physicians, and initials. Follow sterile techniques at all times. Perform pre and post procedural time out.
